RATES AND CHARGES

The Bullock Pen Water District's approved Schedule of Rates and Charges for Customers shall be amended to include the provisions set forth below. All other provisions of Bullock Pen Water District's approved Schedule of Rates and Charges for Customers shall remain the same and in full force and effect.

PHASE V SURCHARGE

- (1) Effective March 18, 2002, all customers receiving water service from Bullock Pen Water District within the Phase V service area shall pay, in addition to the regular scheduled water service charges as provided for in Bullock Pen Water District's Schedule of Rates and Charges, a \$15.00 per month surcharge fee to Bullock Pen Water District. The \$15.00 monthly surcharge shall be payable every month the customer is receiving water service from Bullock Pen Water District.
- (2) Bullock Pen Water District shall identify the \$15.00 monthly surcharge as a separate line item on its bill to all effected customers.
- (3) All proceeds received from the \$15.00 monthly surcharge shall be used exclusively to service the loan indebtedness between Bullock Pen Water District and Kentucky Rural Water Finance Corporation relative to the financing of the Phase V Expansion Project.
- (4) The \$15.00 monthly surcharge shall continue until such time as that portion of the bond due and owing Kentucky Rural Water Finance Corporation in the principal sum of \$377,000.00, with all accrued and applicable interest, has been paid in full.
- (5) Bullock Pen Water District may adjust the \$15.00 monthly surcharge after 5 years upon showing of good cause to the Public Service Commission.

RULES AND REGULATIONS

The Bullock Pen Water District's approved Schedule of Rates and Charges for Customers shall be amended to include the provisions set forth below. All other provisions of Bullock Pen Water District's approved Schedule of Rates and Charges for Customers shall remain the same and in full force and effect.

PHASE VII SURCHARGE

- (1) Effective March 13, 2005, all customers receiving water service from Bullock Pen Water District within the Phase VII service area shall pay, in addition to the regular scheduled water service charges as provided for in Bullock Pen Water District's Schedule of Rates and Charges, a \$12.52 per month surcharge fee to Bullock Pen Water District. The \$12.52 monthly surcharge shall be payable every month the customer is receiving water service from Bullock Pen Water District.
- (2) Bullock Pen Water District shall identify the \$12.52 monthly surcharge as a separate line item on its bill to all effected customers.
- (3) All proceeds received from the \$12.52 monthly surcharge shall be used exclusively to service the loan indebtedness between Bullock Pen Water District and Kentucky Rural Water Finance Corporation relative to the financing of the Phase Vii Expansion Project.
- (4) The \$12.52 monthly surcharge shall continue until such time as that portion of the bond due and owing Kentucky Rural Water Finance Corporation in the principal sum of \$98,000.00, with all accrued and applicable interest, has been paid in full.
- (5) Bullock Pen Water District shall adjust the \$12.52 monthly surcharge annually to reflect the current number of customers who receive water through the Phase VII Water Main Extension Project. In no event, however, should the level of the surcharge exceed \$12.52 per month.

RULES AND REGULATIONS

The following rules and regulations are hereby adopted, subject to change by the Water District Commission at any time, subject to approval of the Public Service Commission through the filing of revised tariff sheets with the PSC. These rules and regulations are intended to supplement the Rate Resolution and the By-Laws.

- A. All taps and connections to the mains of the District shall be made by and/or under the direction and supervision of District personnel.
- B. Water service may be discontinued by the District for, upon 10 days' written notice (except that in the event of a violation under Item 7 below, water service may be terminated immediately), for any violation of any rule, regulation, or condition, and especially for any of the following reasons:
 1. Misrepresentation in the application or contract as to the property or fixtures to be supplied or additional use to be made of water.
 2. Failure to report to the District additions to the property or fixtures to be supplied or additional use to be made of water.
 3. Resale of water.
 4. Waste or misuse of water due to improper or imperfect ~~service~~ pipes and/or failure to keep such pipes in a suitable state of repair.
 5. Tampering with meter, meter seal, service, or valves, or permitting such tampering by others.
 6. Connection, cross-connection, or permitting the same of any separate water supply to premises which receive water from the District.
 7. When a dangerous condition is found to exist on the customer's or applicant's premises, with reference to the continuation of water service, water service shall be cut off without notice or shall be refused, provided the District shall notify the customer or applicant immediately of the reasons for the discontinuance or refusal and the correction action to be taken by the applicant or customer before service can be restored.

RULES AND REGULATIONS

- C. Any customer desiring to discontinue the water service to his premises for any reason must give notice of discontinuance in person or in writing at the business office of the District at least three (3) days prior to the date on which the customer desires to discontinue service, and the customer shall not be liable for water consumed beyond the date of discontinuance stated in such notice; if such notice in person or in writing is not given, a customer shall remain liable for all water used and service rendered to such premises by the District until such notice is received by the District.
- D. Bills and notices relating to the conduct of the business of the District will be mailed to the customer at the address listed on the user's agreement unless a change of address has been filed in writing with ~~the District~~ ^{PUBLIC SERVICE COMMISSION} District shall not otherwise be responsible for delivery of any bill or notice nor will the customer be excused from the payment of any bill or any performance required in said notice.
- E. 1. Bills for water service are due and payable at the office of the District, or to any designated agent, on the date of issue. ^{PURSUANT TO KRS 186.010} The past due date shall be the tenth day after the date of issue. Bills will be mailed and mailed on the first day of each month.
2. All bills not paid on or before the past due date shall be deemed delinquent. When a bill has been delinquent for a period of twenty days, the District shall serve a customer a written final notice of said delinquency, and of the intent of the District to discontinue service ten days after the date of such notice unless such bill is paid prior to the expiration of such ten days. If a delinquent bill is not paid within ten days after date of such final notice (thirty days from the past due date), the water supply to the customer may be discontinued without further notice; provided, however, if, prior to discontinuance of service, there is delivered to the District, or to its employee empowered to discontinue service, a written certificate signed by a physician, a registered nurse, or a public health officer that, in the opinion of the certifier, discontinuance of service will aggravate an existing illness or infirmity on the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until ten (10) days elapse from the time of the District's receipt of said certification, whichever occurs first.

RULES AND REGULATIONS

- F. Where the water supply to the customer has been discontinued for non-payment of delinquent bills, a charge of \$35.00 will be made for reconnection of water service, but the reconnection will not be made until all delinquent bills and other charges, if any, owed by the customer to the District have been paid.
- G. The District reserves the right to request that a nominal amount be placed on deposit with the District for the purpose of establishing or maintaining any customer's credit, such amount not to exceed the sum of \$31.50, which is two-twelfths (2/12) of the estimated annual bill of such customer. Upon the payment of such deposit, the District shall issue to such customer a certificate of deposit, showing the name of the customer, the location of the initial premises occupied by the customer, and the date and amount of the deposit. The District will pay to such customer interest on such deposit at the rate of six percent (6%) per annum, until such deposit is reimbursed to the customer.
- H. All meters shall be installed, renewed, and maintained at the expense of the District, and the District reserves the right to determine the size and type of meter used.
- I. It shall be the policy of the District to test each water meter at least once every 60 months. In addition, upon written request of any customer, the meter serving such customer shall be tested by the District. Such test will be made without charge to the customer if the meter has not been tested within 12 months preceding the requested test; otherwise, a charge of \$15.00 will be made and then only if the test indicates meter accuracy within limits of 2%.

If a meter is inaccurate in excess of 2%, whether upon periodic testing or upon requested testing, additional tests shall be made at once to determine the average error of the meter, and the adjustments shall be made on the customer's water bills as follows:

1. If the result of such tests shows an average error greater than 1/2% fast, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the amount adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no event to exceed

RULES AND REGULATIONS

- 12 months; provided, however, that if time for the periodic test has overrun to the extent that $\frac{1}{2}$ of the time elapsed since the last previous test exceeds 12 months, the refund shall be for the 12 months specified above, plus those months exceeding the periodic test period; provided, further, that such refund may be limited to the 12 month period if failure to make the periodic test was due to causes beyond the control of the District.
2. If the result of such tests shows an average error greater than 2% slow, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half ($\frac{1}{2}$) of the elapsed time since the last previous test, but in no event to exceed 12 months.
3. If the result of such tests necessitates making a refund or back billing a customer, the customer shall be notified in writing of the percentage of error, fast or slow, the dates(s) of testing, and the amount of charge or credit to be shown on the next bill of the customer.
- J. Where a meter has ceased to register, or meter reading could not be obtained, the quantity of water consumed will be based upon the average of the prior six months consumption and the conditions of water service existing during the period in which the meter failed to register.
- K. The District shall make all reasonable efforts to eliminate interruption of service and when such interruptions occur will endeavor to reestablish service with the shortest possible delay. When the service is interrupted all consumers affected by such interruption will be notified in advance whenever it is possible to do so.
- L. The District shall in no event be held responsible for interruption of service by reason of the breaking of any mains or service pipes or by reason of any other interruption of the supply of water caused by the failure of machinery or stoppage for necessary repairs. No person shall be entitled to damages nor for any portion of a payment refunded for any interruption of service which in the opinion of the District may be deemed necessary.

RULES AND REGULATIONS

- M. Customers having boilers and/or pressure vessels receiving a supply of water from the District must have a check valve on the water supply line and a vacuum valve on the stream line to prevent collapse in case the water supply from the District is discontinued or interrupted for any reason, with or without notice.
- N. The premises receiving a supply of water and all service lines, meters and fixtures, including any fixtures within said premises, shall at all reasonable hours be subject to inspection by the District.
- O. Piping on the premises of a customer must be so installed that connections are conveniently located with respect to the District lines and mains. The customer shall provide a place for metering which is unobstructed and accessible at all times.
- P. 1. An extension of fifty (50) feet or less to the District's distribution main shall be made without charge (other than the prescribed standard connection charge) for a prospective customer who shall apply for and contract to use service for one (1) year or more and who provides a guarantee for such service.
2. For each extension to the District's distribution main in excess of fifty (50) feet, the District shall require the customer to whose premises such extension is made to deposit with the District the total cost of the excessive footage over fifty (50) feet, based on the average estimated cost per foot of the total extension. Such deposit may be refundable to the customer in certain instances, in accordance with Title 807 KAR 5:066, Section 12 (2) (b).
- Q. If any loss or damage to the property of the District or any accident or other injury to persons or property is caused by or results from the negligence or wrongful action of the customer, member of his household, his agent, or employee, as determined by a court of law having jurisdiction over the parties, the cost of the necessary repairs or replacements shall be paid by the customer to the District, and any liability otherwise resulting shall be that of the customer.
- R. Water furnished by the District may be used for domestic consumption by the customer, member of his household, and employees only. The customer shall not sell the water to any other person.

RULES AND REGULATIONS

- S. All customers shall grant or convey, or shall cause to be granted or conveyed, to the District a perpetual easement and right of way across any property owned or controlled by the customer wherever said easment or right of way is necessary for the District water facilities and lines so as to be able to furnish service to the customer.
- T. Complaints may be made to the operator of the system whose decision may be appealed to the Commission of the District within ten days; otherwise, the operator's decision will be final.
- U. The District shall not participate in any kind of fire protection. The District does not guarantee pressure for fire hydrants. Damage to fire hydrants shall be the responsibility of the persons using the hydrant.
- V. Each new meter connection shall have a separate cut-off valve installed in front of the meter at the expense of the customer.
- W. The District shall require a separate meter for each residence.
- X. A charge of \$5.00 will be made on all checks returned to the District for non-payment due to insufficient funds.
- Y. Upon request of the customer, the District will reread a water meter. If the original meter reading is found to be correct a charge of \$15.00 will be made for the service. If the original meter reading is found to be incorrect, no charge will be made and the water bill will be corrected accordingly.

- Z. ~~RULES AND REGULATIONS FOR THE PROVIDING OF WATER SERVICE TO MOBILE HOME PARKS BY THE BULLOCK PEN WATER DISTRICT.~~

~~PUBLIC SERVICE COMMISSION
EFFECTIVE~~

~~1. Installation of Meters and Water Lines Within Mobile Home Parks~~

- ~~a. All mobile home park owners ("Owners") located within the Bullock Pen Water District (the "District"), will be permitted by the District to install individual meters on existing and future lines of the Owners, within the respective mobile home parks (the "Parks") owned by such Owners, at the expense of such Owners, without being required~~

RULES AND REGULATIONS

THE BULLOCK PEN WATER DISTRICT HEREBY AMENDS ITS RATE SCHEDULE AND TARIFF RELATIVE TO THE PROVIDING OF WATER SERVICE TO MOBILE HOME PARKS IN THE BULLOCK PEN WATER DISTRICT TO READ AS FOLLOWS. ALL OTHER PROVISIONS OF THE PREVIOUS RATE SCHEDULE AND TARIFF WHICH ARE IN CONFLICT WITH THESE AMENDMENTS ARE HEREBY REVOKED.

1. INSTALLATION OF METERS AND WATERLINES WITHIN MOBILE HOME PARKS

(a) All Mobile Home Parks ("MOBILE HOME PARKS") located within the Bullock Pen Water District ("DISTRICT") shall install an individual residential water meter for each mobile home unit located within the MOBILE HOME PARK. The MOBILE HOME PARK owners shall install up to the mobile home living unit waterlines for the purpose of making a water meter connection. All such installation of waterlines within the MOBILE HOME PARK shall be done at the owner's expense. The owner of the MOBILE HOME PARK shall also be required to pay a Tap-In or connection fee to the DISTRICT as provided for in this Tariff for each water meter installed by the DISTRICT.

(b) All waterline installation required to be installed by the OWNER as provided for in § 1(a) above, shall be done in accordance with the then existing rules, regulations and specifications of the DISTRICT and shall be done at the owner's expense.

(c) No waterline installation in any MOBILE HOME PARK shall be conducted without first receiving written approval by the DISTRICT after application by the OWNER.

(d) After of all waterlines in any MOBILE HOME PARK are installed, the DISTRICT shall test the respective lines to insure that such installation complies with all rules, regulations and specifications of the DISTRICT. Testing shall be effected within ten (10) days after the completion of all waterline installation or at the earliest possible date, weather conditions and other appropriate circumstances permitting. The DISTRICT shall supervise and/or apply any and all tests to the lines installed in any MOBILE HOME PARK as the DISTRICT may deem appropriate. All waterline installation shall be in compliance with the rules, regulations and specifications of the DISTRICT prior to acceptance thereof by the DISTRICT.

(e) The MOBILE HOME PARK developer/owner shall install a meter, meter crock and meter lid suitable for meter installation for each mobile

RULES AND REGULATIONS

home lot/pad at the developer's/owner's cost and expense. The DISTRICT shall be responsible for the installation of a meter at each mobile home lot/pad when requested by the developer/owner or the mobile home owner/occupant. For each initial water meter installation at each mobile home lot/pad, the DISTRICT shall, upon receipt of the \$475.00 connection fee as provided for in this Tariff, pay to the MOBILE HOME PARK developer/owner the sum of \$275.00.

2. REIMBURSEMENT FOR MASTER METERS NOW SERVING MOBILE HOME PARKS

MOBILE HOME PARKS served by master meters (as of the date this Ammended Tariff is approved) which were installed and paid for by the owner thereof, shall receive reimbursement for the cost of such installation from the DISTRICT in the event that the MOBILE HOME PARK owner should decide and elect to install individual water meters for each mobile home unit within that given MOBILE HOME PARK. Any MOBILE HOME PARK owner who elects to convert from a master meter to individual water meters for each mobile home unit shall be responsible for the installation of all waterlines throughout the MOBILE HOME PARK subject to the terms and conditions of paragraph 1 above.

3. MAINTENANCE AND REPAIR OF METERS AND WATERLINES

Following approval by the DISTRICT of waterlines installed in a MOBILE HOME PARK, and for a period of not less than one year thereafter, the owner shall bear the responsibility for all maintenance and repair to all lines and water meters installed within a MOBILE HOME PARK until the date of written acceptance of said lines and meters by the DISTRICT. Upon the expiration of said one year period and upon acceptance by the DISTRICT, all responsibility for all such waterlines and meters shall be assumed and discharged by the DISTRICT and the owner shall no longer have any responsibility for said maintenance and repair.

4. METER READING AND BILLING

(a) The DISTRICT shall read individual customers' meters and bill for each individual mobile home living unit located in any MOBILE HOME PARK pursuant to the rate schedule as approved by the Public Service Commission on June 2, 1987 as amended. After the approval of this Tariff Amendment by the Public Service Commission, no more than one mobile home living unit shall be supplied water by an individual water meter except as provided in Paragraphs 2 and 4(b) herein.

SHEET NO.

RULES AND REGULATIONS

(b) As of the effective date of this Tariff Amendment, any MOBILE HOME PARK serviced by a master meter or any water meter which services two or more mobile home living units shall be billed as follows: A monthly water bill shall equal the product of the number of mobile home living units serviced by such meter times the then current minimum monthly bill as set by the Rate Tariff of the DISTRICT then in effect. In the event that the total number of gallons consumed exceeds the product of the number of mobile home living units serviced by such meter times the minimum gallon usage set by the Rate Schedule of the DISTRICT, all water used in excess of the minimum gallon usage shall be billed per the Rate Schedule of the DISTRICT then in effect.

(c) Responsibility for payment of water bills from any respective mobile home living unit shall be the responsibility of that individual in whose name the water meter is installed or the individuals name in which that particular account is registered with the DISTRICT.

DISCONNECTIONS AND RECONNECTIONS

Charges for disconnection and/or reconnection fees shall be the same for MOBILE HOME PARKS as are set forth in this Tariff for other Customers.

6. DEPOSITS

Deposits for Customers within MOBILE HOME PARKS shall be the same as those currently in effect as set forth in the Tariff.

RULES AND REGULATIONS

The following amended rules and regulations are hereby adopted, subject to change by the BULLOCK PEN WATER DISTRICT COMMISSION at any time, subject to approval of the Public Service Commission through the filing of revised tariff sheets with the PSC. These amended rules and regulations are intended to supplement and amend the existing Rate Resolution; By-Laws; and the existing Rules and Regulations. All other provisions contained in the previously approved Tariff not specifically amended herein shall remain in full force and affect.

- I. Paragraph G of the existing RULES AND REGULATIONS effective June 2, 1987 is hereby deleted.
- II. Paragraph Z.6 Deposits of the existing RULES AND REGULATIONS effective June 2, 1987 is hereby deleted.
- III. The following provisions shall be incorporated in the existing RULES AND REGULATIONS as follows:

AA. DEPOSITS

The Bullock Pen Water District may require a minimum cash deposit or other guarantee to secure payment of bills. Service may be refused or discontinued for failure to pay the requested deposit. Interest as prescribed by KRS 74.050 will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

RULES AND REGULATIONS

The deposit may be waived upon a customer showing of satisfactory credit or payment history and required deposits will be returned after One (1) year if the customer has established a satisfactory payment record for that period. If the deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The company may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered:

1. Previous payment history of the company. If the customer has no previous history with the company, statements from other utilities, banks, etc., may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit.

RULES AND REGULATIONS

THE BULLOCK PEN WATER DISTRICT HEREBY AMENDS ITS RATE SCHEDULE AND TARIFF RELATIVE TO THE PROVIDING OF WATER SERVICE TO APARTMENTS IN THE BULLOCK PEN WATER DISTRICT TO READ AS FOLLOWS. ALL OTHER PROVISIONS OF THE PREVIOUS RATE SCHEDULE AND TARIFF WHICH ARE IN CONFLICT WITH THESE AMENDMENTS ARE HEREBY REVOKED.

1. INSTALLATION OF METERS

(a) Any owner of an apartment building where the apartment building consists of two or more living units, the apartment building owner may at their election, have individual meters installed for each individual apartment unit. In the event that individual water meters are installed for each individual apartment unit, all charges, fees and water rates including disconnect and reconnect fees shall be the same as those provided for in this Tariff. The DISTRICT shall charge a separate tap-in fee in that amount set by the then current Tariff for each water meter installed at any given apartment building.

(b) In all apartment buildings where two or more apartment units are serviced by a master meter, the billing for water service through said master meter shall be calculated as follows: The monthly bill shall equal the product of the number of apartment units serviced by such master meter times the minimum monthly bill as established by the Rate Schedule of the DISTRICT then in effect. In the event that the monthly gallon usage exceeds the product of the number of apartment units serviced by such meter times the minimum gallon usage as set by the Rate Schedule of the DISTRICT, then any excess water consumed through such meter shall be charged at the rates then in effect and established by the Rate Schedule of the DISTRICT.

2. DEPOSITS

The DISTRICT may require deposits for each individual apartment dwelling unit serviced by an individual water meter as set forth in this Tariff for other Customers.

RULES AND REGULATIONS

THE BULLOCK PEN WATER DISTRICT HEREBY AMENDS ITS RATE SCHEDULE AND TARIFF RELATIVE TO THE PROVIDING OF WATER SERVICE TO SUBDIVISIONS IN THE BULLOCK PEN WATER DISTRICT TO READ AS FOLLOWS. ALL OTHER PROVISIONS OF THE PREVIOUS RATE SCHEDULE AND TARIFF WHICH ARE IN CONFLICT WITH THESE AMENDMENTS ARE HEREBY REVOKED.

1. INSTALLATION OF METERS AND WATERLINES WITHIN SUBDIVISIONS

(a) All residential subdivisions including but not limited to single family residential subdivisions whether such consist of single family detached dwellings; condominiums, townhouses, patio homes and the like, ("SUBDIVISION") located within the Bullock Pen Water District ("DISTRICT") shall install an individual residential water meter for each individual residential dwelling located within the SUBDIVISION. The SUBDIVISION developer shall install up to the lot line of each individual SUBDIVISION lot or residential dwelling unit as the case may be, waterlines for the purpose of making water meter connections for such individual living unit. All such installation of waterlines within the SUBDIVISION shall be done at the owner's expense. The owner of the SUBDIVISION shall also be required to pay a tap-in or connection fee to the DISTRICT as provided for in this Tariff for each water meter installed by the DISTRICT.

(b) All waterline installation required to be installed by the developer of a SUBDIVISION as provided for in Section 1(a) above, shall be done in accordance with the then existing rules, regulations and specifications of the DISTRICT and shall be done at the developer's expense.

(c) No waterline installation in any SUBDIVISION shall be conducted without first receiving written approval by the DISTRICT after application by the developer.

(d) After all waterlines in any SUBDIVISION are installed, the DISTRICT shall test the respective lines to insure that such line installation complies with all rules, regulations and specifications of the DISTRICT. Testing shall be effective within ten (10) days after the completion of all waterline installation or at the earliest possible date, weather conditions and other appropriate circumstances permitting. The DISTRICT shall supervise and/or apply any and all tests to the lines installed in any SUBDIVISION as the DISTRICT may deem appropriate. All waterline installation shall comply with the rules, regulations and specifications of the DISTRICT.

prior to acceptance thereof by the DISTRICT.

(e) The SUBDIVISION developer/owner shall install a meter setter, meter crock and meter lid suitable for meter installation for each single family residential lot/condominium unit/townhome unit, or the like, at developer's/owner's cost and expense. The DISTRICT shall be responsible for the installation of a meter at each SUBDIVISION lot when requested by the developer/owner or the individual homeowner. For each initial water meter installation at each SUBDIVISION lot, the DISTRICT shall, upon receipt of the \$475.00 connection fee as provided for in this Tariff pay to the SUBDIVISION developer/owner the sum of \$275.00.

2. MAINTENANCE AND REPAIR OF METERS AND WATERLINES

Following approval by the DISTRICT of waterlines installed in a SUBDIVISION, and for a period of not less than one year thereafter, the developer shall bear the responsibility for all maintenance and repair to all lines and water meters installed within a SUBDIVISION until the date of written acceptance of said lines and meters by the DISTRICT. Upon the expiration of said one year period and upon acceptance by the DISTRICT, all responsibility for all such waterlines and meters shall be assumed and discharged by the DISTRICT and the developer shall no longer have any responsibility for said maintenance and repair.

FOR THE PUBLIC SERVICE COMMISSION RULES AND REGULATIONS

The TARIFF RATES, RULES AND REGULATIONS of the BULLOCK PEN WATER DISTRICT are hereby amended to include the following provisions. All other provisions of the TARIFF RATES, RULES AND REGULATIONS of the BULLOCK PEN WATER DISTRICT shall remain in full force and effect as currently approved by the PUBLIC SERVICE COMMISSION, provided however that existing SECTION AA: RATES, RULES AND REGULATIONS FOR FURNISHING WATER TO FIRE DEPARTMENTS WITHIN THE BULLOCK PEN WATER DISTRICT BOUNDARIES shall be amended to read as follows:

SECTION AA: RATES, RULES AND REGULATIONS FOR FURNISHING WATER TO FIRE DEPARTMENTS WITHIN THE BULLOCK PEN WATER DISTRICT BOUNDARIES

A. Any Fire Department operating within the Boundaries of the BULLOCK PEN WATER DISTRICT may withdraw reasonable quantities of water from the DISTRICT which are reasonably necessary for fire protection purposes whether from a fire hydrant, flush hydrant or water loading station, without cost to the Fire Department. No charges shall be made for all reasonable amounts of water used or consumed by the respective Fire Department whether such water is utilized during a fire fighting procedure; fire fighting trial; simulation or drill.

B. Each Fire Department receiving water from the DISTRICT shall on the 15th day of January, April, July and October of each year submit to the DISTRICT a WATER USAGE REPORT identifying to the DISTRICT the total number of gallons used by that respective Fire Department during the preceding Quarter. The WATER USAGE REPORT shall include the dates and amounts of water utilized by that

WATER SHORTAGE RESPONSE PLAN OF BULLOCK PEN WATER DISTRICT

Section 1. **Purpose.** The purpose of this Plan is to provide for the declaration of official phases of water supply shortages and the implementation of BULLOCK PEN WATER DISTRICT ("Utility") voluntary and mandatory Water conservation measures throughout the Utility's service area in the event a shortage is declared.

Section 2. **Definitions.** These terms are applicable only for this Plan unless specifically noted.

A. "Customer" shall mean any person or entity using water for any purpose from the Utility's water distribution system and for which either a regular charge is made or, in the case of bulk sales, a cash charge is made at the site of delivery.

B. "Raw Water Supplies" shall mean all water potentially available to persons in the Utility's service area.

C. "Treated Water" shall mean water that has been introduced by the Utility into its water distribution system, including water offered for sale. Uses of treated water are classified as follows:

Class 1 --Essential Water Uses:

The following uses of water, listed by site or user type, are essential.

Domestic:

- water necessary to sustain human life and the lives of domestic pets, and to maintain minimum standards of hygiene and sanitation.

Health Care Facilities:

- patient care and rehabilitation, including related filling and operation of swimming pools.

Water Hauling:

- sales of domestic use where not reasonably available elsewhere.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

NOV 03 2001

PURSUANT TO 807 KAR 5.011,
SECTION 9 (1)

BY: Stephan O. Bell
SECRETARY OF THE COMMISSION

Public Use:

- fire fighting,
- health and public protection purposes, if specifically approved by health officials.

Class 2 – Socially or Economically Important Uses:

The following uses of water, listed by site or user type, are socially or economically important.

Domestic:

- personal, in-house water use including kitchen, bathroom and laundry.

Water Hauling:

- non-domestic, when other sources are not reasonably available elsewhere.

Commercial and Civic Use:

- commercial car and truck washes,
- Laundromats,
- restaurants, clubs and eating places,
- schools, churches, motels/hotels and similar commercial establishments.

Outdoor Non-Commercial Watering:

- minimal watering of vegetable gardens,
- minimal watering of trees where necessary to preserve them,

Outdoor Commercial or Public Watering (using conservative methods and when other sources of water are not available or feasible to use):

- agricultural irrigation for the production of food and fiber or the maintenance of livestock,
- watering by arboreta and public gardens of national, state, regional or community significance where necessary to preserve specimens,

NOV 03 2001

- watering by commercial nurseries at a minimum level necessary to maintain stock,
- watering at a minimum rate necessary to establish or maintain revegetation or landscape plantings required pursuant to law or regulation,
- watering of woody plants where necessary to preserve them, minimal watering of golf course greens.

Recreational:

- operation of municipal swimming pools and residential pools that serve more than 25 dwelling units.

Air Conditioning:

- refilling for startup at the beginning of the cooling season,
- makeup of water during the cooling season,
- refilling specifically approved by health officials where the system has been drained for health protection or repair services.

Class 3 -- Non-Essential Uses:

Any waste of water, as defined herein, is non-essential. The following uses of water, listed by site or user type, are non-essential.

Public Use:

- use of fire hydrants (excluding Class 1 and Class 2 uses), including use of sprinkler caps, testing fire apparatus and fire department drills.
- flushing of sewers and hydrants except as needed to ensure public health and safety as approved by health officials.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

NOV 03 2001

Commercial and Civic Use:

- serving water in restaurants, clubs, or eating places, except by customer request,
- failure to repair a controllable leak,
- increasing water levels in scenic and recreational ponds and lakes, except for the minimum amount required to support fish and wildlife.

Ornamental Purposes:

- of fountains, reflecting pools and artificial waterfalls.

Outdoor Non-Commercial Watering:

- use of water for dirt control or compaction,
- watering of annual or non-woody plants, lawns, parks, golf course fairways, playing fields and other recreational areas,
- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard-surface areas,
- washing down buildings or structures for purposes other than immediate fire protection,
- flushing gutters or permitting water to run or accumulate in any gutter or street.

Outdoor Commercial or Public Watering:

- expanding nursery facilities, placing new irrigated agricultural land in production, or planting of landscaping except when required by a site design review process,
- use of water for dirt control or compaction,
- watering of lawns, parks, golf course fairways, playing fields and other recreational areas,

PUBLIC SERVICE COMMISSION

SECTION 9 (1)

BY: Stephan D. Bell
SECRETARY OF THE COMMISSION

- washing down buildings or structures for purposes other than immediate fire protection,
- flushing gutters or permitting water to run or accumulate in any gutter or street.

Recreational uses other than those specified in Class 2.

Non-commercial washing of motor and other vehicles.

Air Conditioning (see also Class 2 purposes):

- refilling cooling towers after draining.

- D. "Base Entitlement" shall mean the monthly usage for a customer during the same month of the preceding calendar year or the average per customer usage for each class of service during the same month of the preceding year.
- E. "Curtailed Entitlement" shall mean the monthly usage for a customer after any curtailment percentage has been applied.
- F. "Curtailment" shall mean the reduction in entitlement by some percentage to meet anticipated water shortages.

G. Water Shortage Response Phases:

"Advisory" shall mean that conditions exist which indicate the potential for serious raw or treated water supply shortages.

"Alert" shall mean the raw or treated water supplies are consistently below seasonal averages, and if they continue to decline, may not be adequate to meet normal needs.

"Emergency" shall mean that raw or treated water supplies are below the level necessary to meet normal needs and that serious shortages exist in the area.

"Rationing" shall mean that procedures must be established to provide for the equitable distribution of critically-limited raw or treated water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve public health and safety.

- Section 3. **Applicability**. The provisions of this Plan shall apply to all retail and wholesale customers of the Utility. "then implemented, this Plan becomes the Utility's Water Shortage Response Regulation.
- Section 4. **Entitlements**. Entitlements shall be established for each customer by adjusting the base entitlement to reflect any known change in usage pattern.
- Section 5. **Determination of Water Shortage**. Water supply and usage shall be monitored on a continuous basis. Unrestricted demand shall be projected from past records and adjusted for changes such as new developments and weather conditions on a regular basis. (Note: A sample calculation page is attached as Appendix A to assist in determining overall water levels. It is important that accurate water measurements be used.) Water shortages generally occur for two reasons, a reduction in available supplies or a system failure. Each of these has a distinct influence on the nature and duration of the conservation program implemented. Official declaration of a water shortage stage and implementation of the measures necessary to curtail water use shall be approved by the Utility's Board.
- Section 6. **Term of Water Shortage Declaration**. Any water shortage declaration shall remain in effect until water supplies of service conditions have returned to normal. A final determination as to terminating a water shortage declaration shall be made by the Utility's Chairman and Superintendent.
- Section 7. **Water Shortage State, Criteria, Conservation and Curtailment Measures**.

A. Advisory Stage:

1. ***Criteria.*** A water advisory shall be declared when the amount of treated water or raw water available for treatment is projected to be up to 5 percent below demand; there are periods of low water pressure in one or more areas of the distribution system due to system failure or inadequacies; the State Division of Water issues a Water Shortage Watch that includes the areas from which the Utility draws or receives water; or the Utilities sources of purchasing treated water are substantially curtailed or reduced.
2. ***Conservation and Curtailment Measures:***
 - (a) Declare a Water Shortage Advisory.
 - (b) Provide proper notice to all customers and to all local news media.

SECTION 9 (1)

BY: Stephan D. Bell
SECRETARY OF THE COMMISSION

- (c) Eliminate all water leaks.
- (d) Request voluntary conservation of all non-essential (Class 3) water use.
- (e) Request wholesale customers also issue request for voluntary conservation by their customers of all non-essential (Class 3) water use.

B. Alert Stage:

1. *Criteria:* A water alert shall be declared when the amount of treated water available is projected to be up, to 10% percent below demand, or raw water supplies are consistently below seasonal averages and if they continue to decline, may not be adequate to meet normal needs. (Note: Additional conditions may be added based on local conditions.)
2. *Conservation and Curtailment Measures:*
 - (a) Declare Water Shortage Alert.
 - (b) Provide proper notice to all customers and to all local news media.
 - (c) Eliminate all water leaks.
 - (d) Prohibit all non-essential Class 3 uses of water.
 - (e) Curtail entitlements to all customers by the same percentage as the projected shortage.
 - (f) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$3.00 per thousand gallons.

C. Emergency Stage:

1. *Criteria.* A Water Emergency Stage shall be declared when the amount of treated water available is projected to be up to 20% percent below demand, or there are periods of no water in one or more areas of the distribution system due to low water supply or raw water supplies below the level necessary to meet normal needs. (Note: Additional conditions may be added based on local conditions.)

2. *Conservation and Curtailment Measures:*

- (a) Declare Water Shortage Emergency.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all Class 3 uses of water.
- (e) Prohibit all Class 2 uses of water except domestic uses for kitchens, bathrooms and laundries.
- (f) Curtail all commercial and industrial entitlements (except health care facilities) by 100 percent.
- (g) Curtail residential entitlements by the same percentage as the projected shortage.
- (h) Curtail entitlements to all wholesale customers by the same percentage as the projected shortage.
- (i) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$7.00 per 1,000 gallons.

D. Rationing Stage:

1. *Criteria:* Treated water available is greater than 25% below demand or raw water supplies are below the level necessary to meet essential needs, and in the opinion of the Utility, mandatory rationing is required to ensure adequate water is available to maintain public health and safety.

2. *Conservation and Curtailment Measures:*

- (a) Declare Water Shortage Rationing.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all Class 3 and Class 2 users of water.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

NOV 03 2001

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)

BY: Stephan D. Bell
SECRETARY OF THE COMMISSION

- (e) Curtail all commercial and industrial entitlement (except health care facilities) by 100 percent.
- (f) Curtail all residential and wholesale entitlements by the same percentage as the projected shortage.
- (g) Implement service interruptions to portions of system in accordance with approved published schedule. The schedule shall be provided to all local media.
- (h) Begin billing customer water usage in excess of curtailment entitlement at the normal rate plus an excess usage charge of \$15.00 per 1,000 gallons.

Section 8. **Enforcement of Water Restriction.** Any person who violates the provisions of this Plan, who fails to carry out the duties and responsibilities imposed by this Plan, or who impedes or interferes with any action undertaken or ordered pursuant to this Plan shall be subject to the following:

- A. If the utility official charged with implementation and enforcement of this Plan learns of any violation of any water use restriction imposed, a written notice of the violation occurred and mailed to the customer of record. Said notice shall describe the violation and order that it be corrected, cured, or abated immediately or within 48 hours.
- B. The notice will inform the customer of his or her right to appeal by requesting a hearing before the utility's designee. If a hearing is requested by the customer, he or she shall be given full opportunity to be heard before termination. The governing body shall make findings of fact and decide whether service should continue or terminate.
- C. Any customer whose water service is terminated for violating provisions of this water curtailment Plan shall be subject to the approved connection fee prior to reconnection of service-
- D. The excess usage charge billing provisions of this Plan shall not be put in effect if a county or city ordinance containing penalty provisions is in effect to assist enforcement of this Plan.

Section 9. **Request for Exception:**

- A. *Exception to Water Use Restrictions:* If compliance with any curtailment measure authorized herein would cause a customer to bear extraordinary hardship, that individual or entity may apply to the Utility for an exception. For these purposes, "extraordinary hardship" shall be defined as a condition that may threaten health and safety, or cause property or economic losses, each of which must be shown to be substantially more severe than the sacrifices borne by other users. If

extraordinary hardship is found to exist, then an exception shall be granted and a written waiver issued to the customer. If an appeal is made water service shall be continued until a decision is announced. Any person aggrieved by the decision may file a complaint with the Public Service Commission.

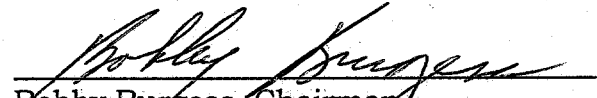

- B. *Exception to Curtailment Surcharge:* Exceptions to excess use charges shall not be considered or granted.

Section 10. **Severability** If any provision of this Plan is declared invalid by the courts, the remainder of the Plan and its applicability to other persons and circumstances shall not be affected by that declaration.

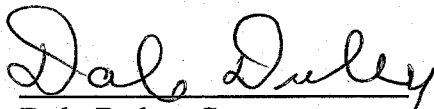

Section 11. **Effective Date.** This Plan shall take effect immediately upon approval by the Public Service Commissions.
